

## Lesson 9

## Is Freddy There?

Look at these pictures. Say something about them.

### John's telephone is ringing.

"Hi, this is John. I can't come to the phone right now. Please leave your name and number after the beep and I'll get back to you as soon as I can."

John isn't at home right now. Someone is calling him and they are hearing John's voice on his voicemail. The person may leave a message after he or she hears a beep. Some people don't like to leave messages. They just hang up when they hear the voicemail message. However, voicemail is very useful. People can record messages when they are not able to answer the telephone. Freddy listened to John's voicemail message, and then he left a message.

"Hi John, this is Freddy. I really enjoyed playing Mah Jong last weekend. Can we play again this weekend? Give me a call when you have time. My home number is 633-7758. My cell phone number is 468-2341. See you later."

John got home at 7:30. He listened to Freddy's message. Now, John is calling Freddy back.
